Anna Wintour

Miley's HIGH-FASHION FANTASY

Girl crush alert! Miley Cyrus has struck up an unlikely friendship with Vogue's icy editrix, Anna Wintour. Sources reveal that the first lady of fashion has grown so fond of the former child star, she plans to help Miley launch her own upscale fashion line. "Anna adores Miley, almost like a daughter," the insider says. In just a few short years, Miley has gone from country bumpkin to edgy It Girl, and now she's keen on emulating Mary-Kate and Ashley Olsen as child stars who became successful fashion designers. Miley is planning to launch a couture line that rivals the Olsens' high-end line The Row. As she prepares for the release of her new album, *Bangerz*, Miley has been brainstorming ideas for her debut collection and getting advice from Anna — who, in turn, is thrilled to be Miley's mentor. "Anna really thinks Miley has an eye for clothes and a future in fashion." ★
